```

"My kids know more about the internet than I do..."

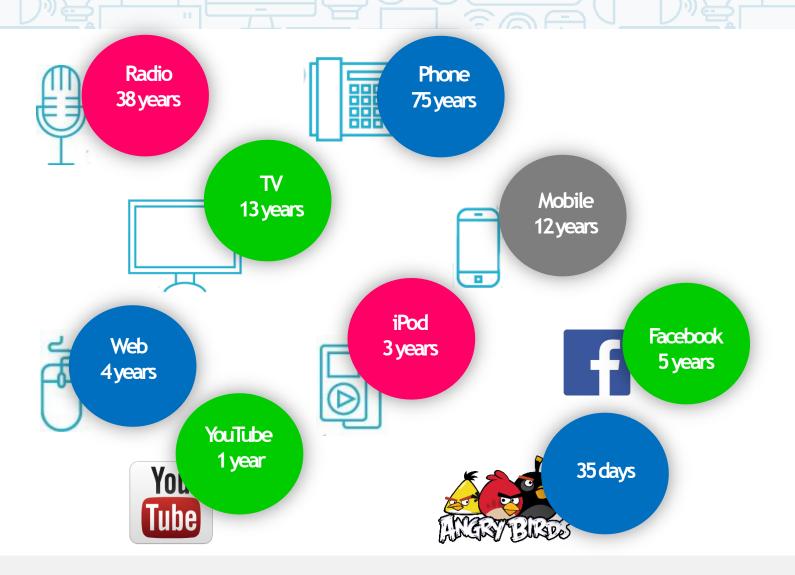

Penetration rate: Years to reach c.50m users

There are lots of positives...

Online games can enhance teamwork and creativity

Add to the child's store of knowledge

Households with computers perform better academically

Improve both visual intelligence and hand-eye coordination

Research shows the outcomes for children are better if they benefit from connected technology

Key Life Moments

Age 10 - 11 Phone ownership rises from 21% to 43%,

Under 10 Internet use limited to gaming, streaming video and TV and video callina

Age 8 - 11

tablet

Average time spent per week: 12 hours

and 54 minutes

56% play games online, 12% against

people who they've never met

43% of 11 year olds have a social media profile and are messaging, sharing and liking throughout the day

Age 12 - 13 Phone ownership rises from 50% to 74% 74% of 13 year olds have a social media profile

Age 3-4 1% own a mobile phone, 16% own a tablet, 0% have a social media profile

Children

L. Google Age 5-7

67% of children are online.

Average time spent per week: 8 hours 42 minutes 3% have a social media profile Children start to browse internet for school work and general browsing

90% of children are online, 49% own a

98% of children are online Average time spent per week: 20 hours and 6 minutes 27% play games against people they've never met

12-15

Secondary school children use an average of 5 social networks

Start Secondary school Learn to read & write 10 11

Age 3-4 55% of parents think the benefits of the internet outweigh the risks 10% think their child knows more about the internet than they do

Age 5-7 35% of parents have never spoken to their children about managing risks online 4% never supervise online access and use

Under 10 Parental concern is limited to sexual content. inappropriate content, violent content and strangers/grooming

Age 10-13 Parental concerns around online bullying increase

Age 5-15 42% of parents have no awareness of content filters

Age 5 – 15 16% of parents have never spoken to their child about

managing risks online

child's activity online

Age 8-11

68% of parents think the benefits of the internet outweigh the risks 41% think their child knows more about the internet than they do 34% are concerned about their child being bullied through their mobile phone

But technology can affect children's development...

- Sleep cycles are affected by blue light from screens
- Screen-based entertainment increases central nervous system arousal
- Millennials are more forgetful than OAP's
- One study found that the more distracted you are the less able you are to experience empathy

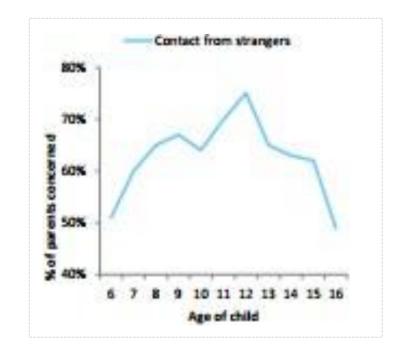

And there are of course risks...

	Content (Child as receiver ofmass productions)	Contact (Child as participantin adult-led activity)	Conduct (Child participation, perpetrator or victim)
Aggressive	Violent	Harassment	Cyberbullying
Sexual	Pornographic	Grooming, sexual abuse	Sexual harassment, 'sexting'
Values	Racist / hateful	Ideological persuasion	Harmful user generated content
Commercial	Marketing	Personal data misuse	Gambling, copyright infringement

Risks parents are concerned about

	2016	2013	
Viewing sexual content	67%	62%	Up 8%
Contact from strangers	67%	58%	Up 16 %
Viewing violent content	64%	57%	Up 12%
Online bullying	60%	52%	Up 15%
Encouraging self-harm	48%	-	
Sharing sexual images	44%	-	
Pro-anorexia content	42%	-	
Radicalisation	41%	32%	Up 28 %

- Parents concern is increasing around online risks, perhaps due to media coverage & pace of change of technology
- Concern typically peaks at 11-12 years old which coincides with moving to secondary school

Risk is not harm. Positive action can limit risks becoming harmful

5 tips for parents:

Dealing with inappropriate CONTENT

4.7m

URL's showing pornographic content

More than 12% of the internet

11yrs

Average age to first view pornographic material online

1/3

of children have seen explicit images by age of 10

Dealing with inappropriate CONTENT

What to talk about

- They can come to you if they see anything that upsets them
- If they have seen pornography...that it presents an unrealistic image of sex and relationships
- The importance of respect for each other and the meaning of consent

Top tips /tools to use

- Parental controls on home broadband
- Content lock on mobile networks
- Safe search on Google (& other browsers) & YouTube; child –friendly search engines

Dealing with inappropriate CONTACT

48%
of secondary school children have talked to strangers on social media

48% of 11 year olds have a social media profile

Dealing with inappropriate CONTACT

What to talk about

- Sometimes people hide behind fake profiles for dishonest reasons
- Agree how they will respond to requests from people they don't know in real life
- Never ever to meet up with anyone they don't know in real life

Top tips /tools to use

- Set up safe social media profiles that don't share personal information
- Tum off geo location settings on devices
- Use the strongest privacy settings on social media
- Learn how to report / block/ mute

Dealing with inappropriate CONDUCT

25%

of children will experience cyberbullying

50%

of children say someone has been nasty online

Dealing with inappropriate CONDUCT

What to talk about

- Talk to a trusted adult if they experience anything upsetting online
- Think carefully about sharing images of others:
 - > The T-shirt Rule only share pictures you'd be happy to wear on a t-shirt!
- Be responsible online, remembering they are creating their own digital footprint

Top tips /tools to use

- Report inappropriate posts/content to the social media providers
- Think carefully about using monitoring apps that identify inappropriate behaviour

Dealing with 'SEXTING'

sexting

coercive

What to talk about

- It's hard to control where images might be shared
- It's illegal to create or share a sexual image of a child under 18

Top tips /tools to use

- The T-shirt test if you wouldn't wear the picture on your T-shirt, don't share online
- If you child is involved insexting contact CEOP & Childline who can help to remove images

What are children taught in school?

Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies

Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact

Understand a range of ways to use technology safely, respectfully, responsibly and securely, including protecting their online identity and privacy; recognise inappropriate content, contact and conduct, and know how to report concerns

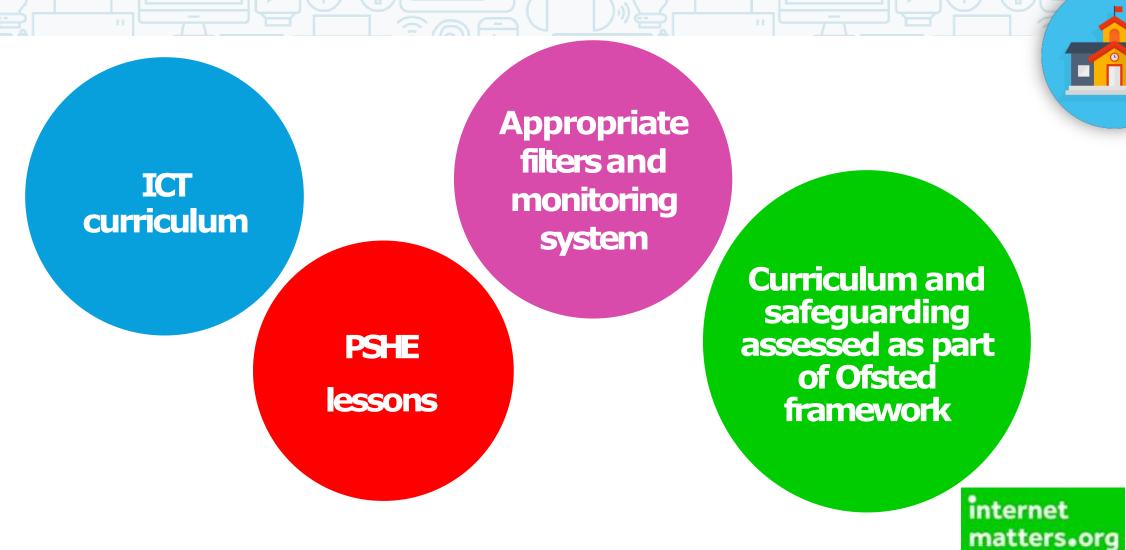

Understand how changes in technology affect safety, including new ways to protect their online privacy and identity, and how to report a range of concerns

In addition, schools embed it across...

Controlling tech time

Your children will be watching the way you use technology and they will copy; make sure there is some consistency in how you **role model** good behaviour:

- 1 Tum off notifications on apps to avoid that constant 'ping'
- 2 Buy an alarm clock so you don't have devices in the bedrooms
- 3 Keep phone on silent in your pocket or bag when you pick the kids from school
- 4 No phones at the table rule or no phones between 6 and 7 rule
- 5 Family tech free days!

Controlling tech time

And there are tactics you can put in place to help manage their screen time....

- 1. Set a good example
- 2. Talk together about the time spent online
- 3. Agree on appropriate length of time they can use their device
- 4. Get the whole family to unplug &create screen free zones
- 5. Use technology /apps to help manage screen time e.g. Forest App

Three things to teach your child

Be a confident communicator

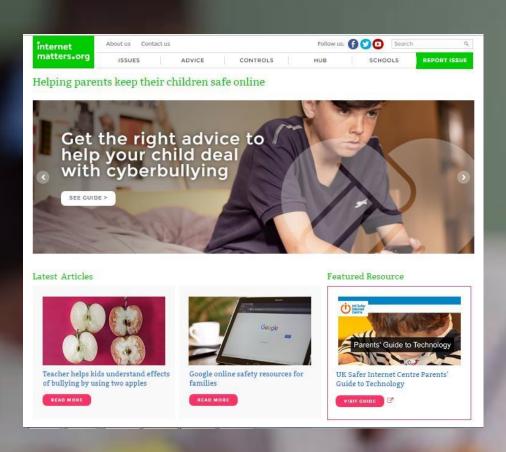

Be a critical thinker

Be a capable tools user

Our vision is to motivate & educate parents to guide their children to stay safe online
