

# Being a Good Friend

A social story about friends at school

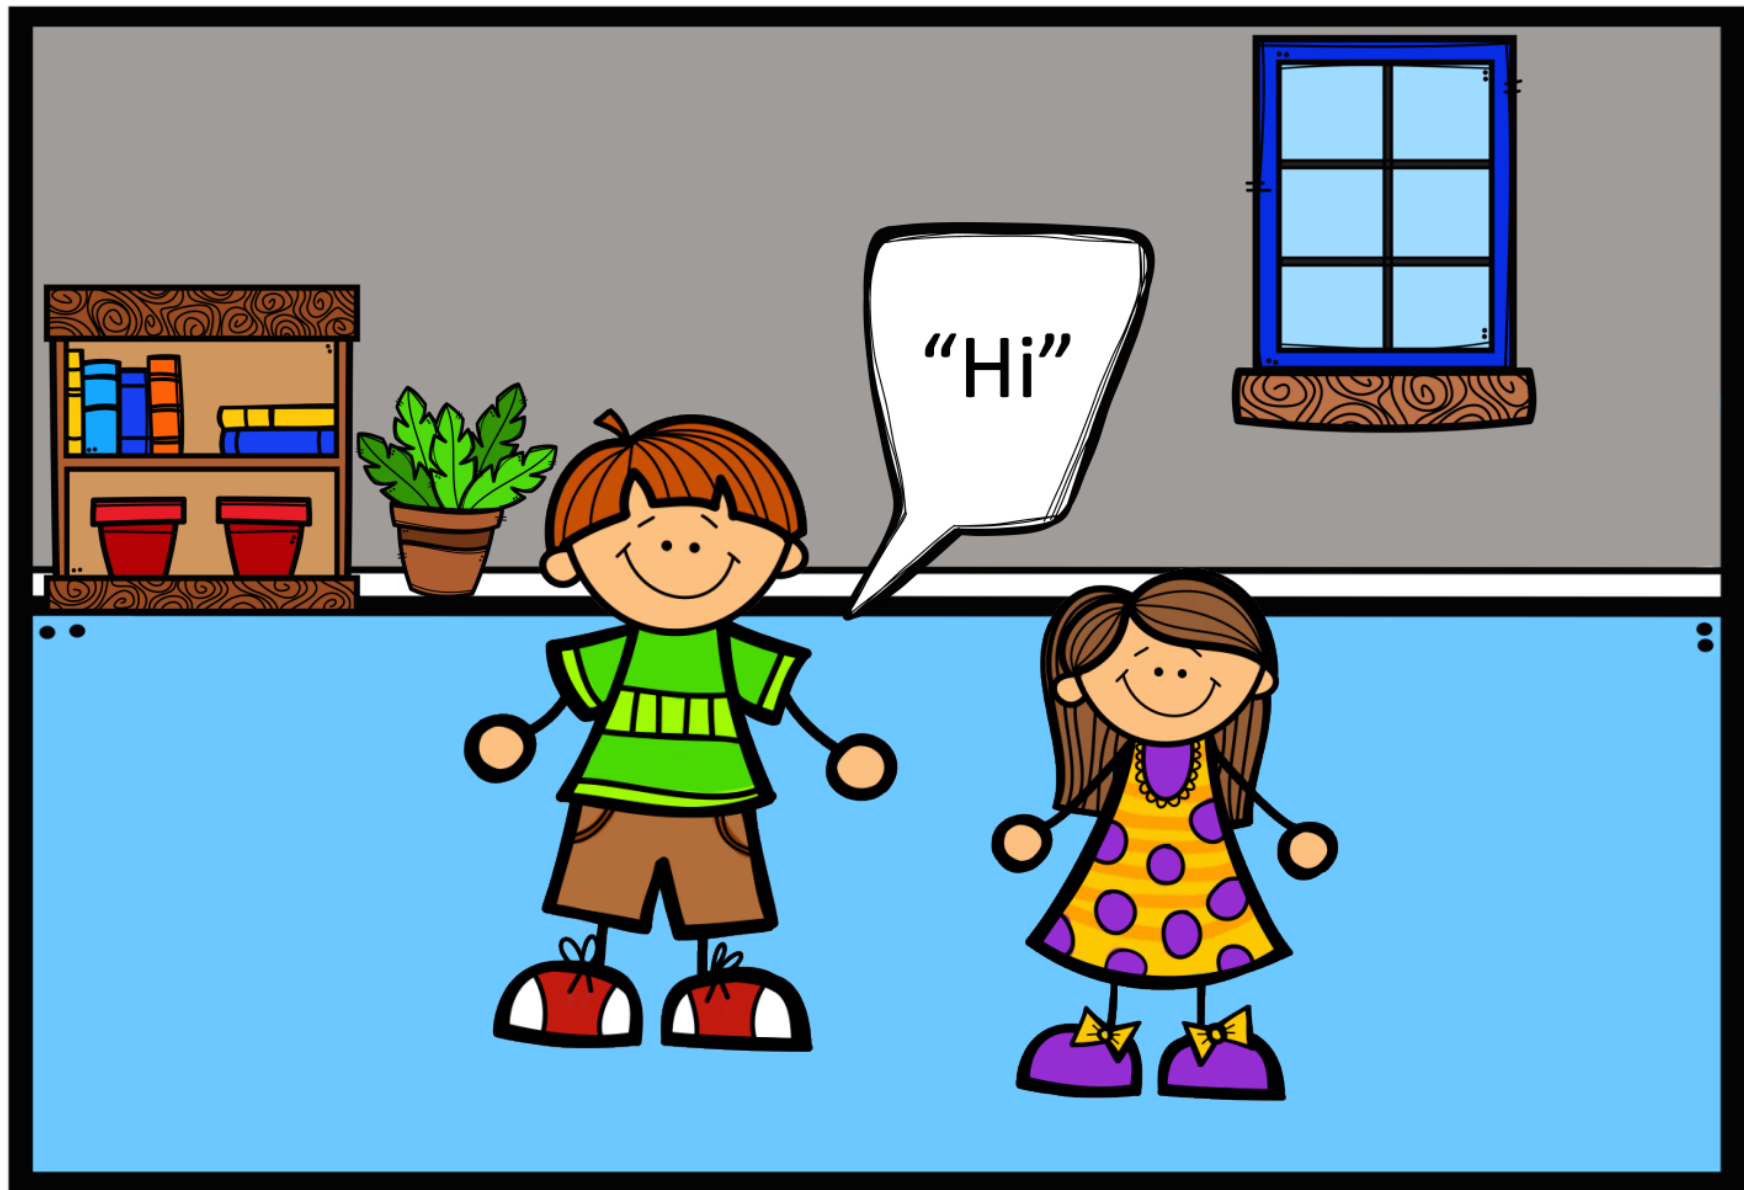

All Things SpecialEd 2016

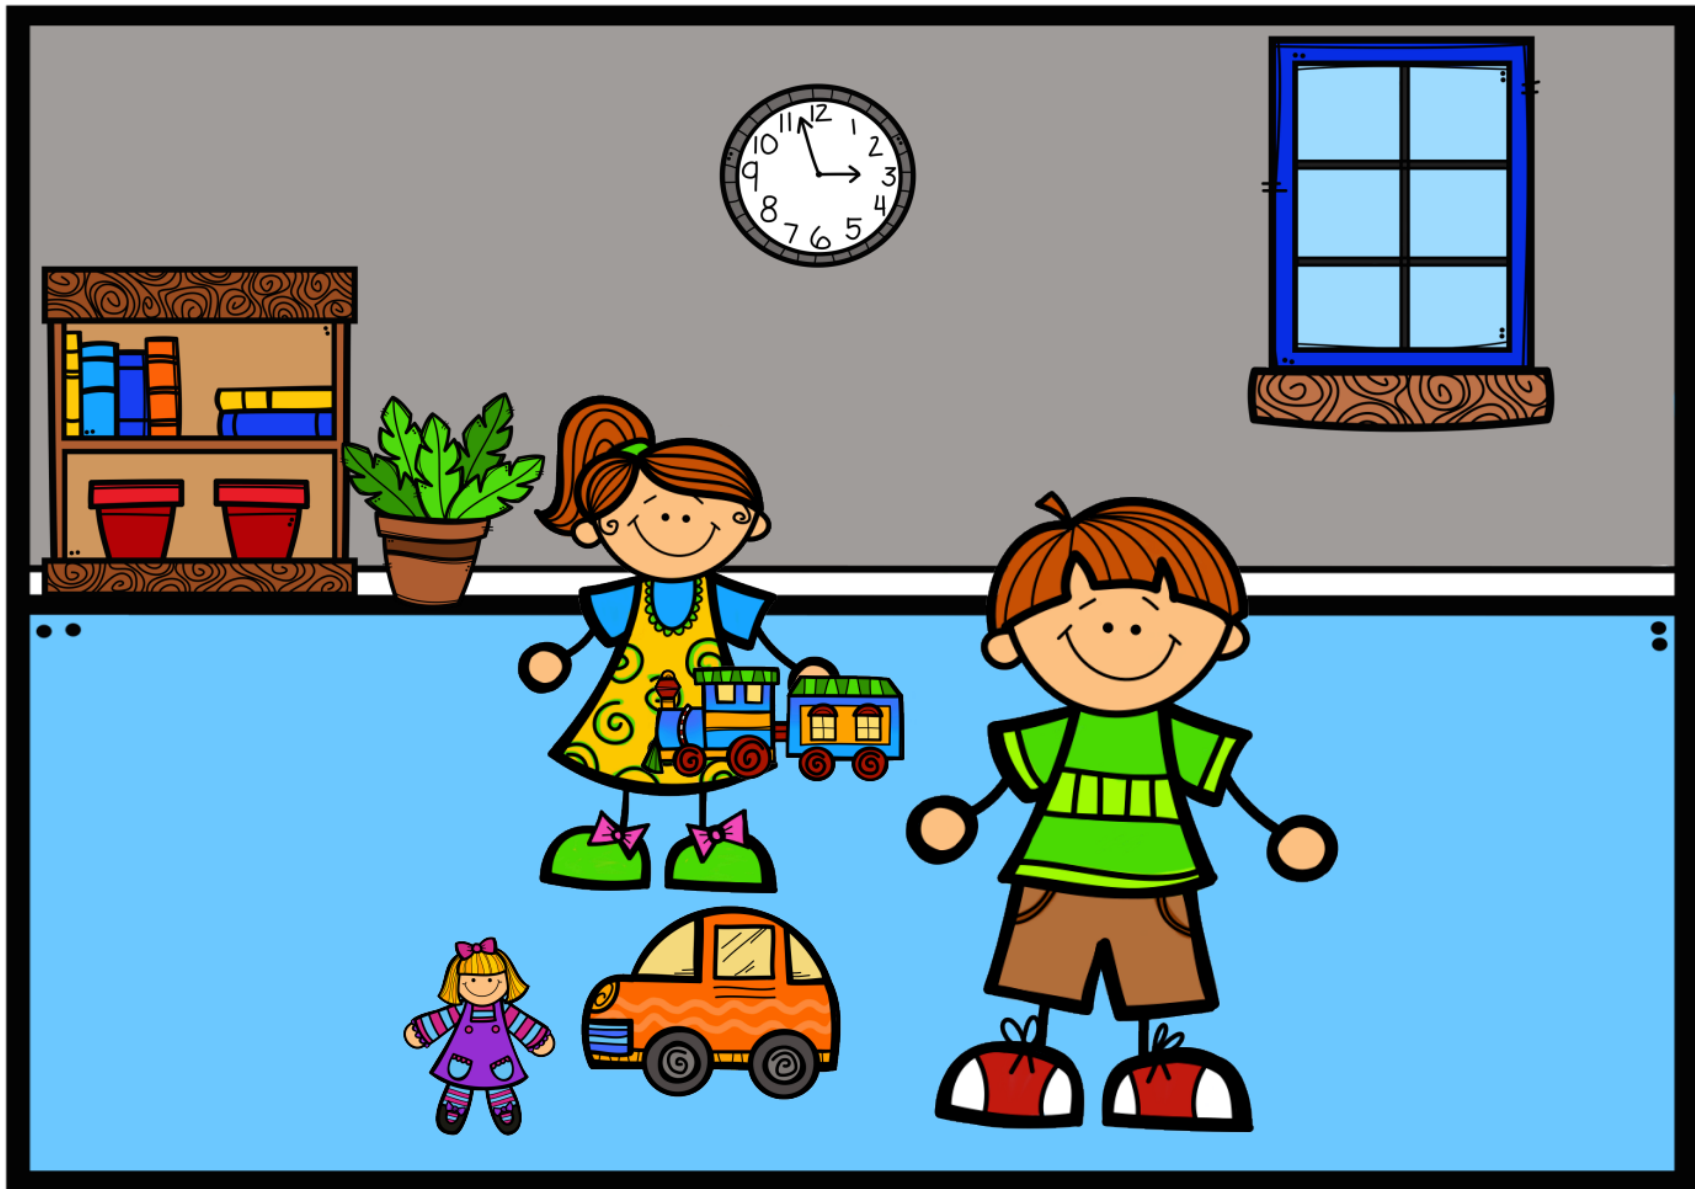

I love having friends at school.  
It can be easy to be a good friend.

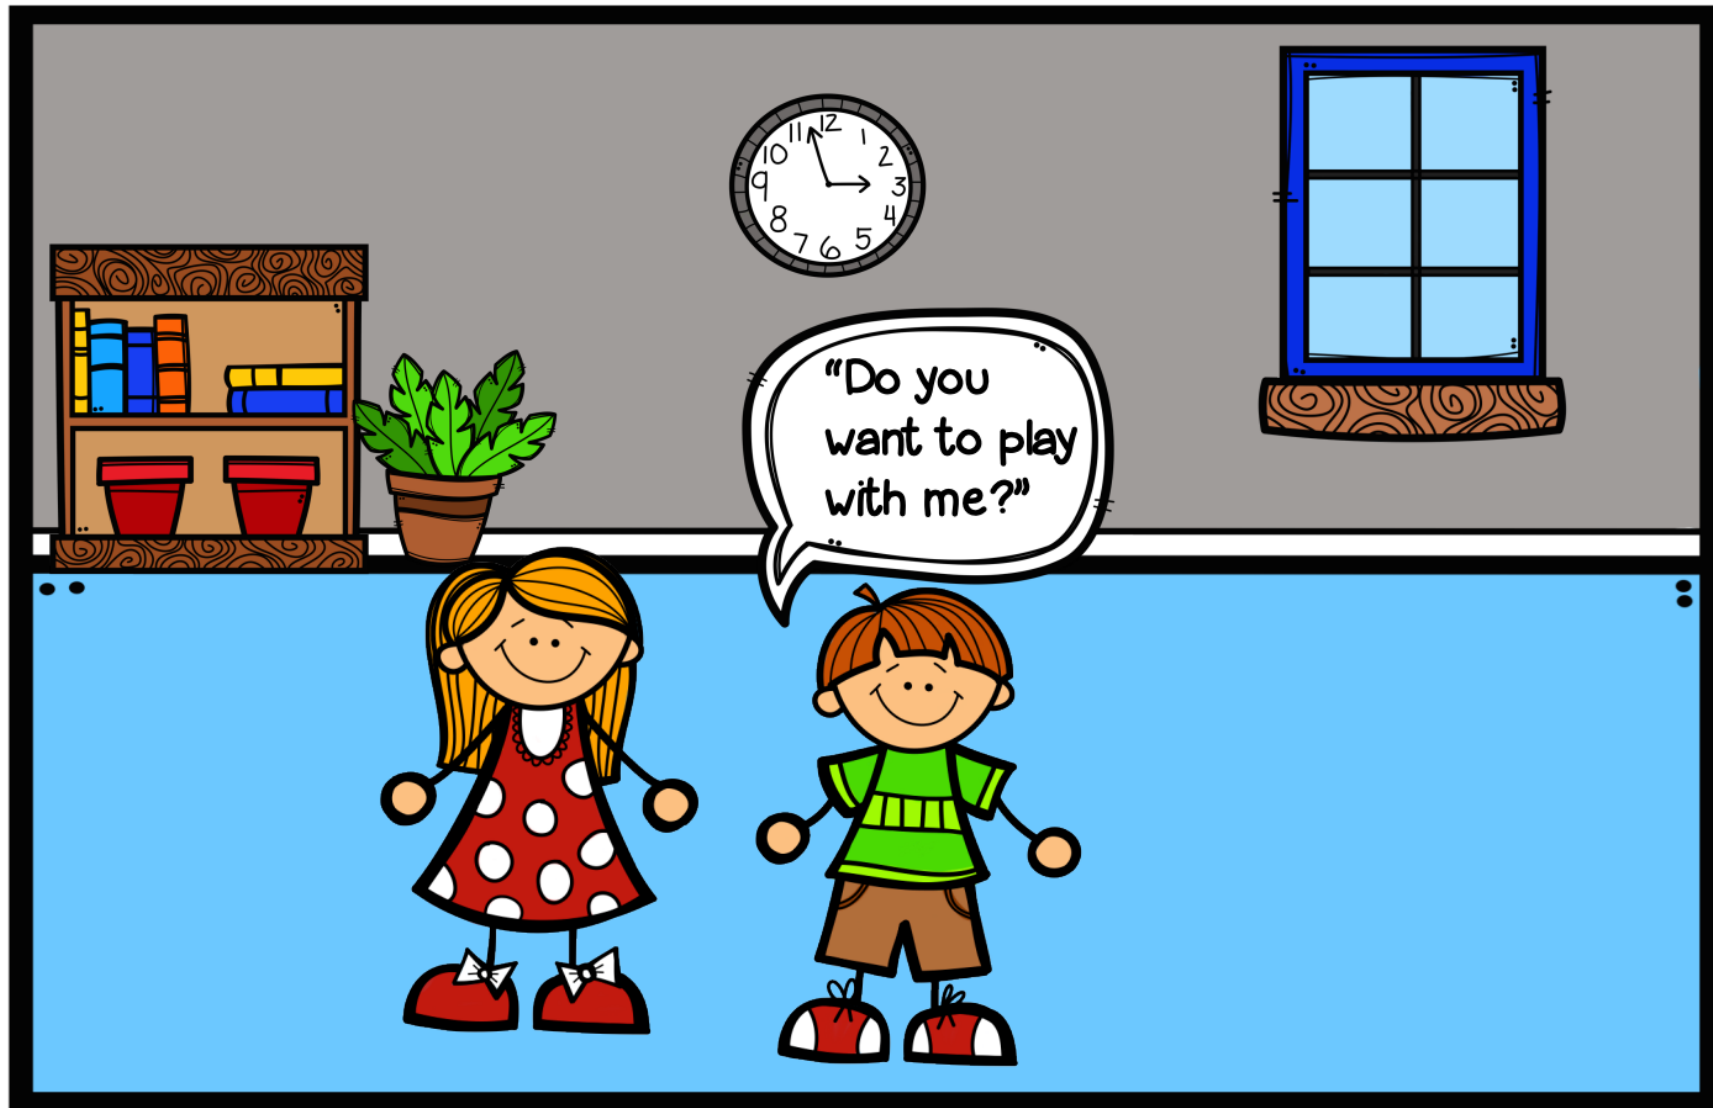

Being a good friend means using my  
kind words and kind voice.

I share the toys at school and I ask to use a toy before taking it from a friend.

When I want to play with a friend, I use my words to ask.

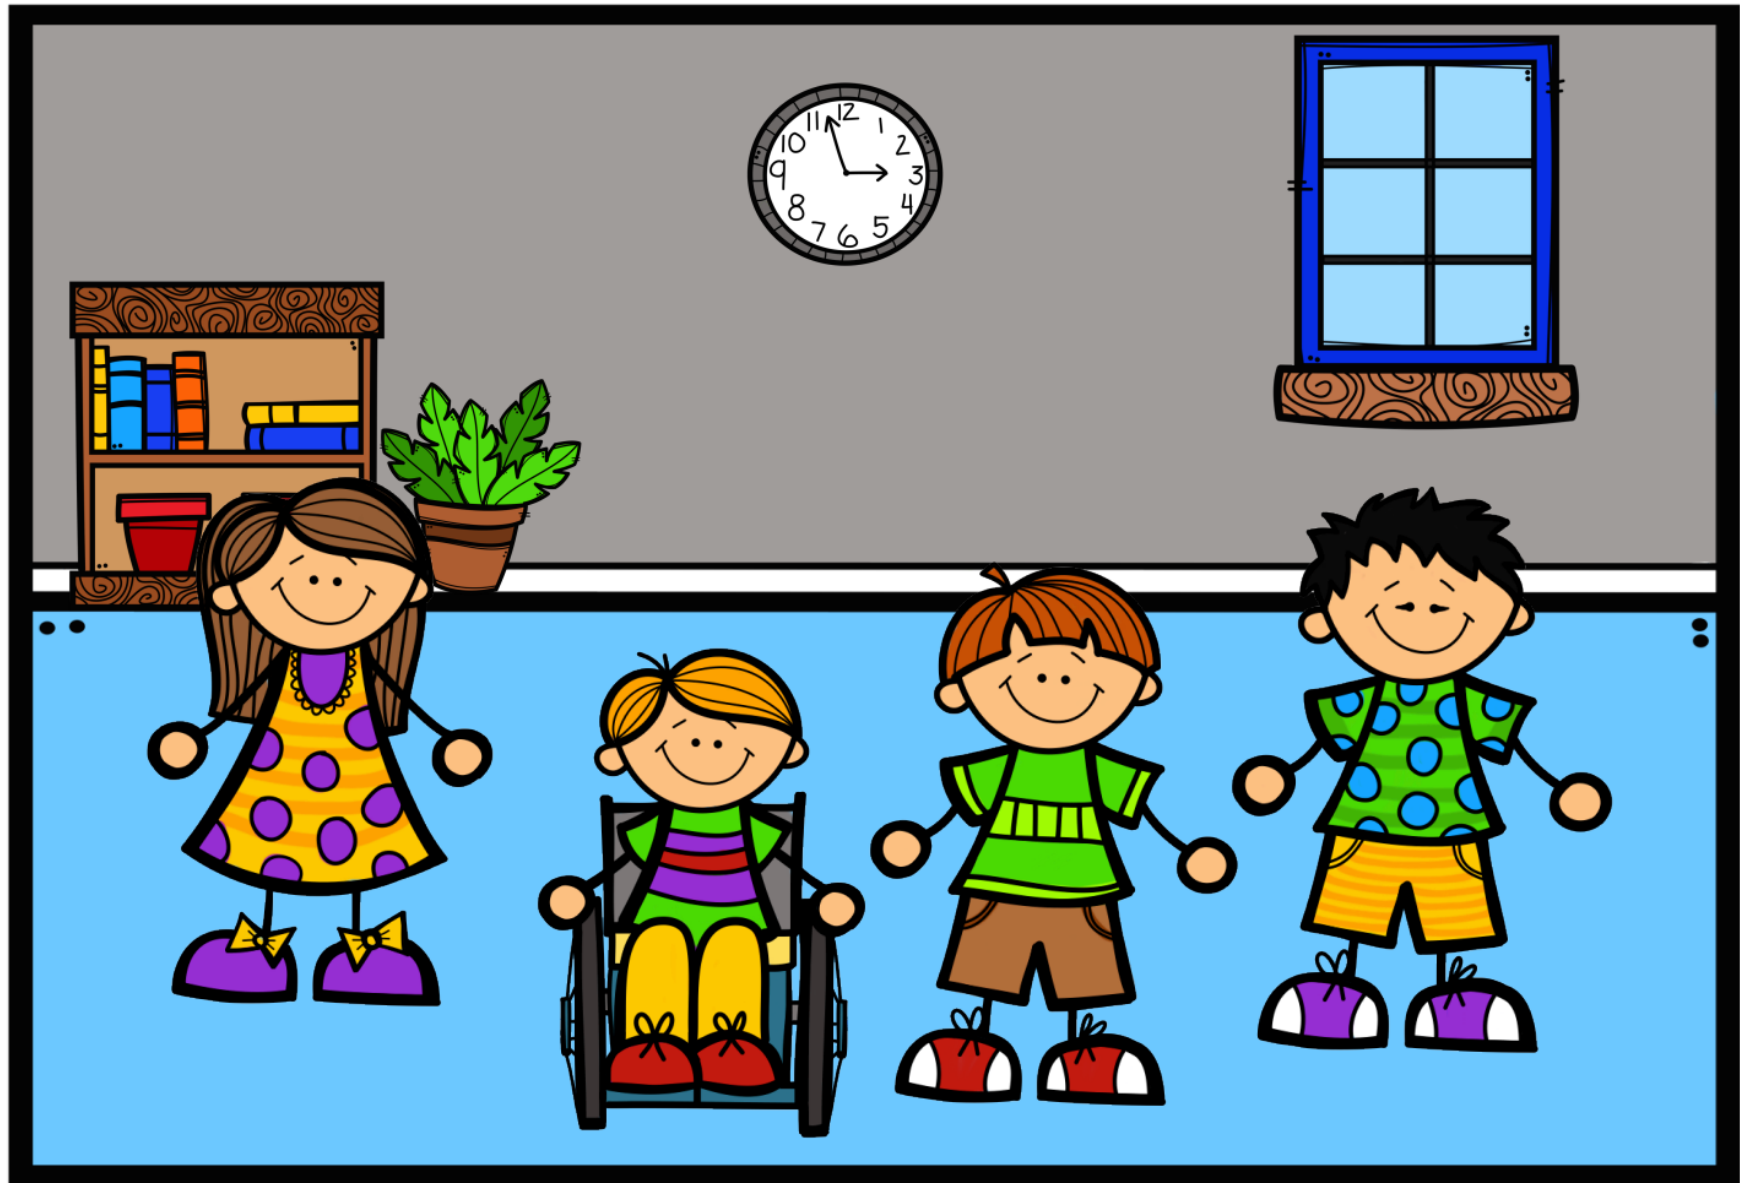

I can say, "Do you want to play with me?"

When a friend is playing with a different friend, it is okay.  
We all have many friends and can choose to play with  
anyone.

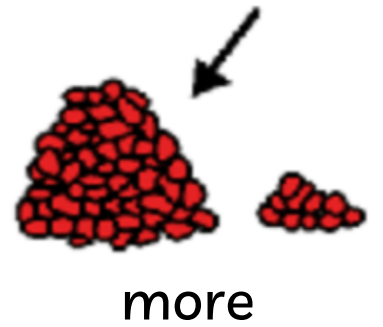

If a friend I want to play with is with another friend, I can ask to play with them or find a different friend to play with.

Being at school and having friends is cool! I can play with many friends and use my kind words and voice.
